- Created and monitored project timelines, deliverables, and reporting schedules.
- Assisted in forecasting project expenses and tracking budgets.
- Coordinated vendors, subcontractors, and suppliers for project requirements.
- Drafted official correspondence, presentations, and internal documentation.
- Designed and improved document control workflows for incoming and outgoing project materials.
- Supported bid facilitation, contract review, and subcontractor documentation.
- Acted as liaison between internal teams, consultants, and external stakeholders.

Marketing Officer – Email & CRM Operations

Cloudstaff | Jul 2023 – Sep 2023

Supported digital marketing and CRM operations for large customer databases.

Key Contributions:

- Executed email and SMS campaigns supporting marketing initiatives.
- Managed customer databases and segmentation for targeted communication.
- Monitored performance metrics including open rates, CTR, and engagement.
- Prepared campaign performance reports and insights.
- Supported A/B testing of subject lines and messaging.
- Coordinated with creative teams to optimize email templates and content.

Client and PR Marketing/ Executive Assistant

Digital Media Inc. | May 2013 – Mar 2016

Supported marketing, PR, and operational activities across client campaigns and corporate initiatives.

Key Contributions:

- Managed the company website and social media channels.
- Coordinated events, roadshows, and promotional activations.
- Prepared marketing materials, including digital and print assets.
- Forecasted event budgets and tracked expenses.
- Handled customer inquiries and client communications.
- Supported internal administrative workflows and documentation.

Junior Associate – Operations & Client Support

BestOption Assistance Inc. | Jun 2012 – Apr 2013

- Built and maintained client relationships.
- Supported sales operations, logistics, and reporting.
- Prepared weekly project status reports and presentations.
- Monitored credits, collections, and account documentation.

Project & Applied Leadership Experience

Project Lead / Strategist

CIIT College of Arts & Technology | 2023 – 2024

Led multiple business and technology projects as part of academic and entrepreneurial initiatives.

Selected projects demonstrating applied project operations, planning, and delivery in tech and startup environments.

- City Tour App: Led planning and strategy for a gamified city tourism platform.
- PaReserve App: Reservation and pre-order application for food businesses.
- WeAreMerch: E-commerce platform enabling students and schools to sell merchandise.
- Seoulful Sweets: A Korean concept café focused on affordable dessert drinks.
- Oversaw research, business planning, and pitch presentations.
- Led teams through project planning, execution, and presentation stages.
- Projects recognized in national and intercollegiate competitions.
